

Little Flower School

OPTIONS FOR PARENTAL VOLUNTEER PROGRAM

School Year 2009-2010

At Little Flower School, faculty and parents work together to create a loving and caring school environment where students are encouraged to develop their God-given gifts and talents. LFS supports the *Archdiocesan Child Protection Act* by requiring all volunteers who have significant contact with children to be fingerprinted, complete FBI and local criminal background checks and complete a Protecting God's Children Workshop. We encourage all parents to fully participate in the volunteer program at Little Flower School. **There are a number of volunteer activities that do not require significant contact with children. These are highlighted with an asterisk (\*) below. Please check your areas of interest in order to fulfill the contractual obligation of 15 volunteer service hours during the 2009-2010 school year.**
